

REBATE ON SOLAR
SHADE SCREENS.
KEEP HEAT OUT, MONEY IN.

SOLAR SHADE SCREENS ARE A GREAT WAY TO LIVE WISELY IN THE DESERT.

This summer, stay cool and protect your home.

This chart illustrates examples of possible savings:

Home's sq./ft.	1500	2000	2500	3000
Average savings during summer months	\$210	\$275	\$341	\$403

Other benefits of adding solar shade screens are many, starting with saving energy and money:

- Sunlight on windows accounts for up to 50% of heat gain in your home.
- Solar shade screens block sunlight without restricting airflow.
- Solar shade screens cut glare, protecting upholstery and carpets from fading.

Find green advice and money-saving offers for SRP customers at srpnet.com.

HOMES WITH SOLAR SHADE SCREENS USE ABOUT 25% LESS ENERGY TO STAY COOL.

That's a huge savings. And now SRP customers

can save even more with this special offer:

Get an 80¢ per square foot rebate on installed shade screens for sunstruck windows.

For details on this and more offers, visit

srpnet.com/offers. Or call (602) 266-7283

to schedule an appointment with a participating solar shade screen dealer.
